COURSE DESCRIPTION:

This course is designed to prepare students for employment as phlebotomists and/or provide supplemental training for students previously or currently employed in the healthcare industry. Topics of instruction include didactic, laboratory, and clinical experiences and encompass communication; leadership; human relations; employability skills; performance of safe and efficient work practices in obtaining adequate and correct blood specimens by capillary or venipuncture on adults, children and neonates and maintaining the integrity of the specimen in relation to the test to be performed. Subjects include vascular anatomy and physiology, preparing blood smears, medical terminology, emergency procedures, delivering a variety of clinical specimens to the clinical laboratory and observing safety policies and procedures. Simulation and clinical laboratory experiences are integrated with the didactic portion of the program. The curriculum is designed to meet the standards established by the California Department of Health, Laboratory Field Services, Clinical Laboratory Improvement Act 88' (CLIA), Clinical Laboratory Standards Institute (CLSI), OSHA and the Joint Commission Review Committee. **This program prepares students with the skills necessary to successfully pass the National Center for Competency Testing (NCCT) National Certified Phlebotomy Technician (NCPT) exam.**

ADMISSION REQUIREMENTS:

- Must be 18 years or older at time of registration.
- Official high school transcript or equivalent.
- Current government-issued photo ID.
- Social Security card or right-to-work document.
- Health clearance documents (TB test, Hepatitis B Vaccine, MMR Vaccine, Chicken Pox Vaccine, T-dap, and Flu) due prior to 1st day of class.
- Current CPR card: must read "Health Care Provider" and be valid through the duration of the Phlebotomy course.

PROGRAM REQUIREMENTS:

- Maintain a minimum 76% grade-point average and a 93% attendance rate.
- Externship training session shall be conducted in conjunction with didactic training.
- Access to a computer or laptop with internet access.
- Fingerprinting and background check may be required.

INCLUDED IN THE COST OF PROGRAM FEES:

- Textbooks.
- Two uniform sets.
- Externship included in program.
- NCCT Phlebotomy Technician - NCPT exam.
